/ PROFILE

Data Analyst with strong experience across **technology, education, and game production**, specialized in **data quality, user behavior, and product insights**. Proven ability to translate complex data into actionable insights through **SQL, Python, dashboards, and data storytelling** — supported by Google certifications in **Data Analytics** and **Cloud Computing Foundations**, two Master's degrees, and hands-on work with live production pipelines, QA workflows, and user-facing systems across mobile, PC, and console platforms.

/ PROFESSIONAL EXPERIENCE

Data Analyst — TELUS Digital

2026 – present · Montréal, Canada

- › Perform **data quality assessment** for map-based queries, ensuring **accuracy** and **consistency** of geospatial information.
- › Analyze **POI** (Points of Interest), **SBS** (Search, Browse & Services), and **audio datasets**, evaluating query relevance, identifying discrepancies, and providing structured feedback that improves search quality.
- › Contribute to the continuous improvement of **data quality processes**, supporting reliable, decision-ready databases.

LQA Test Analyst — GlobalStep

2025 – present · Montréal, Canada

- › Evaluate **game content quality** with focus on **narrative consistency, localization accuracy, usability, and player-facing functionality**.
- › Contribute quality insights for **AA/AAA titles** — including **Football Manager 26** and **Marvel Contest of Champions** — across mobile, PC, and console, supporting **data-informed decisions** on player experience.
- › **Document findings** and track issues through structured workflows (Jira, Redmine, Google Sheets), collaborating with design, production, QA, and clients.

Academic Coordinator & IT Professor — FMU, FAM, Impacta, UNICAP, UniBTA

2018 – 2025 · São Paulo, Brazil

- › Led **data-driven monitoring** of academic performance, engagement, and retention metrics, working with multidisciplinary teams to improve outcomes based on **KPIs**.
- › Taught 30+ courses in **databases, programming, analytics, game development, and project management**.
- › Produced **reports, dashboards, and documentation** supporting strategic decision-making.

/ CERTIFICATIONS

- Google Data Analytics
- Google Cloud Computing Foundations
- Prompt Engineering
- CELPIP English — Level 10
- Programme de francisation du Québec — niv. 8

/ AWARDS

- 2nd place — Uber Hack, 2019
- Winner — Global Game Jam (Mimix VR), 2018
- 1st place — Hackathon Cotidiano VR, 2017
- 1st place — Hack Engage, Campus Party Experience

/ PROFESSIONAL EXPERIENCE — CONTINUED

Game & Narrative Designer — Multiple Studios

2018 – 2023 · São Paulo, Brazil

- › Designed **player progression systems**, **engagement loops**, and narrative-driven retention mechanics.
- › Analyzed **player interaction patterns** to align game mechanics with user behavior, balancing gameplay and monetization with designers, developers, and artists.
- › Produced **GDDs**, **whitepapers**, and documentation supporting **data-informed design** decisions.

Conversational Designer — Selected Projects

2019 – 2020 · São Paulo, Brazil

- › Designed and evaluated **conversational flows** and **decision trees** for interactive digital experiences, identifying friction points and improving **user engagement**.

Census Agent — IBGE, Brazilian Institute of Geography and Statistics

2010 · São Paulo, Brazil

- › Collected, validated, and analyzed population data for official statistical reporting, ensuring **data accuracy and consistency** for large-scale datasets.
